

## B.T.X Shampoo

For damaged, thin and brittle hair. It was specially developed with Hyaluronic Acid and Amino Acids to rebuild and fill each hair thread, giving it a healthier look. The hair will look flexible and will get its brightness.

**How to use:** Apply B•T•X Effect Shampoo on previously wet hair, massaging it softly. Rinse with plenty warm water. For a better result, it is recommended to use B•T•X Effect Conditioner and B•T•X Effect Treatment. Apply B•T•X Effect Shampoo on previously wet hair, massaging it softly. Rinse with plenty warm water. For a better result, it is recommended to use B•T•X Effect Conditioner and B•T•X Effect Treatment.

## B.T.X Conditioner

Contains a mix of Amino Acids which give a refreshing effect, resulting in stronger and more resistant hair. It was specially developed with Hyaluronic Acid to rebuild and fill each hair thread, giving it a healthier look.

**Modo de uso:** After washing the hair with B•T•X Effect Shampoo, apply B•T•X Effect Conditioner on length and ends, massaging it downwards with your thumbs, letting the product act on the cuticles. Let it work for a few minutes and rinse with plenty warm water. For best results use the B•T•X Effect Treatment every 4 washes.

## B.T.X Treatment

Its exclusive formula with Hyaluronic Acid fills the hair fiber leaving hair intensely nourished and repaired. It contains amino acids that restore the health and strength to hair.

**How to use:** After washing the hair with Bonmetique's B•T•X Effect Shampoo apply B•T•X Effect Treatment on damp towel dried hair. Massage the lengths and ends. Leave for 10-15 minutes, comb your hair. Rinse with warm water and dry your hair as usual.
